WHITE SAYS CHARGE IS TRUE

COX REPLIES TO STATEMENTS

Says All Republicans State Chairman Should Be Summoned.

By the Associated Press.

COLUMBUS, Sept. 1.—Governor Cox, in a statement today, declared as absolutely untrue and false statements attributed to Will H. Hays, chairman of the republican national committee, before the senate sub-committee, investigating expenditures, that it was not the policy of the republican to obtain contributions in excess of \$100.

Governor Cox again referred to what purported to be an official document issued by the republican committee, to prove his assertions. "Contracting this official document from the republican headquarters," Cox said, "with the statement Hays made yesterday under oath, I cannot believe a single word he says on the subject. That he has been caught in his own trap is evident."

Cox declared that all state chairmen should be summoned by the committee to bring all documents relative to money raising with them. "The spot light should be thrown on the activities of all political parties and should be kept there intensively until election day. Enough is now known through records, of Mr. Hays' headquarters to convince the public that as the head of a great organization, he has deceived the public and at an official hearing defied the truth."

UNDERWORLD TRUTHS IN SCOTT'S BIG NOVEL

The plot of "A Daughter of Two Worlds," the film drama starring Norma Talmadge, booked to show at the McSwain Theater today, is founded on a famous forgery case in New York City, according to Le Roy Scott, author of the novel of the same name, which has just been adapted to the screen. The two participants in the forgery each served ten years in Sing Sing. Black Jerry Malone, keeper of a notorious underworld cabaret, father of Jennie, whose part Miss Talmadge stages, is also a character from real life. In the screen version of the forgery Jennie is arrested unjustly. Her handwriting had been copied by the real crook and imitated in forging the check.

Jennie, under the advice of her father and Uncle George, jumps her bail, enters a fashionable boarding school and soon finds herself in the upper world, where she meets the man of her heart. The stigma of the underworld follows her, and the crisis is reached when the beautiful Jennie is confronted with the alternative of giving away her true identity at the risk of losing her fiancé and her place in society, or remaining silent at the cost of the life of a friend of the other world who has been wrongly convicted of murder.

GOVERNOR COX WILL VISIT IN OKLAHOMA

By the Associated Press.
NEW YORK, Sept. 1.—The latter half of Governor Cox's speaking tour is announced here today by Senator Pat Harrison, chairman of the speaking bureau of the democratic national committee.

The governor's itinerary after leaving Cheyenne, Wyoming, September 26, calls for fast traveling with many speeches, most of them from the rear platform of his private car.

Dates and speeches include: October 1, Enid, El Reno, Oklahoma City and Tulsa.

The Phoenicians were a mixture of races which migrated from widely scattered places.

"The rain is good on this year's crop of frogs, to say the least of."

HANG ON—LOOKS LIKE YOU'RE DUE FOR A SHAKIN' UP!

SHIP WORKERS STAGE FIGHT

Nationalists and Unionists
Ship Workers Fired Upon
By Soldiers.

By the Associated Press.

BELFAST, Sept. 1.—Fighting was resumed here this morning between nationalists and unionist shipyard workers from the Sankhill district, and troops. Heavy firing continued nearly half an hour and it is feared the casualty list is heavy.

North street was thronged with shipyard workers at 8 o'clock. Suddenly there was a series of revolver shots apparently coming from Millfield, in the center of the nationalist district. Nearby military pickets rushed to the scene, took shelter behind walls and poured in a fierce fire which was returned by snipers. Matters finally became too hot for the Sinn Féiners and they were dislodged with the aid of an armoured car. Tram cars caught between the opposing forces ran a gauntlet of bullets, the drivers tending over their wheels and passengers lying on the floor.

There were several shots fired during the early evening, but no serious rioting occurred.

OKLAHOMA RAILROADS GRANT DECREASED RATES

By the Associated Press.
OKLAHOMA CITY, Sept. 1.—All railroads in the state have granted reduced rates from points in Oklahoma for Tulsa for the state convention of the American Legion, to be held September 6 and 7, according to a telegram received here today by Assistant Adjutant. Delegates will be able to purchase round trip tickets to the convention at one and one-third the regular one way rate, between the second and the sixth. It was explained that return tickets must be used on or before September 10.

A. W. Pollock Returns From Buying Tour to Markets of the East

A. W. Pollock of the A. P. Brown company recently returned from the markets of St. Joseph, St. Louis, Chicago and New York City. At each of these places purchases were made for the A. P. Brown company. This company has six other stores besides the one located here. The others are in Weleetka, Henryetta, Mill Creek, Bokchito, Madill and Hugo.

The managers of each of the seven stores bought together in the various markets they visited. The party spent three weeks in purchasing goods for their stores. Some of the merchandise bought has been received and the rest will be here just as soon as the manufacturers can ship it.

Miss Ruth Hudson, an E. C. S. N. student, passed through the city Tuesday on her way to Shawnee from points in Texas.

SLEEPING ON SUCCESS

When success has been reached it is a foolish act to lie down and sleep. Many are the ones who have done it and many are the ones who have awakened to find that success has vanished. Work is to success what the generating plant is to the brilliant electric light. As long as the plant keeps running the light keeps its brilliancy, but when the plant stops, the light goes out. Likewise, success in the lives of individuals, no matter how brilliant, will die out if we cease to be active.

We can at no time say to ourselves "Soul take thine ease. Eat, drink and be merry." No matter what height of success we have attained we will run around just as surely as the bible character who made the above statement if we turn loose our holds to take it easy.

This does not mean that a man shall not rest after his labors and that the infirm and aged are denied peace. It does mean, however, that we go to the wall if we get lazy. The infirm man is not lazy simply because he is not working and he may be setting example by righteous living that elevates him from the non-entity class.

COTTON WILL BE A RECORD CROP

The U. S. Bureau of Crop
Estimates Makes Report
For Oklahoma.

By the Associated Press.

OKLAHOMA CITY, Sept. 1.—The condition of the cotton crop of Oklahoma, as of August 25, was forecast at 84 per cent of normal, which indicates a record crop for the state, according to estimate of the United States bureau of crop estimate, issued here today.

The ten-year average of cotton in Oklahoma on September 25 is 6 per cent less than the average on August 25, the report says. Yet there have been four years in the past decade without a deterioration in the condition of the crop in September.

With the exception of some south and southeastern portions of the state, where some deterioration is evident, the condition of the crop has improved or else remains as of July 25, the report says.

The bollworm has caused considerable loss in many counties and the weevil has been very active in twenty counties in the eastern half of the state, the summary states. The south in particular has suffered from weevil and worm in the bottom lands. Evidence of damage from fungus disease, which may be greatly increased by wet, cool and cloudy weather, is reported.

Loraneo Bagos Pleads Guilty to Charge of Theft When Arraigned

Loraneo Bagos plead guilty this morning in Justice Brown's court. Bagos was charged with stealing dry goods to the amount of \$43.50 from the store of R. W. Simpson on the 27th of August.

The peculiar part about the theft is the fact that most of the stolen articles were women's apparel. Bagos evidently was trying to please some of the fair sex. However, it is to be regretted that he was driven to the act of stealing.

Since the accused man waived his preliminary hearing, he was bound over to the district court which meets September 20.

KITCHELL ACCEPTS MR. HILL'S OFFER

Old Timers Make Bet and
Big Show Will Be Staged
Sometime Soon.

Jack R. Kittell covered Sherwood Hill's \$200 wager this morning and the training of contestants for the badger fight started.

Much interest has been taken in this affair and large purses on both sides have been placed. M. A. Waits, one of Ada's druggists, is one of the big stakeholders. If the contestants fail to bring in their fighters, Mr. Waits will probably be the winner.

The dog which enters the ring against the Texas badger is the property of Ed Hunter. Everybody knows this member of the canine family is a good scrapper and there is no question but what the fight will be a good one and well attended.

This is the reply made by Jack R. Kittell:

"Mr. W. S. Hill, Ada, Okla.
"Dear Sir: I have deposited \$200 in the Merchants and Planters National bank of Ada, Okla., to cover your money, and will say to you and the public that my books are not closed."

"I have seen Hunter's dog and Mr. Hunter informs me he has seven badgers to his credit, but my badger has met the best badger dogs in the southwest and is looking for more."

"I have secured the services of Mr. Kilpatrick, one of the best badger conditioners and trainers in the southwest. I have also three of Ada's best citizens who will meet your committee to select the place and time for the fight under the rules of the San Antonio, Texas, Badger club, with this exception: Should my badger's claws get broken in training or exhibition, then I reserve the right to file them, which is not permissible under the San Antonio, Texas, Badger club's rules."

"Respectfully yours,
"JACK R. KITCHELL."

MUSKOGEE CENSUS SHOWS INCREASE OF 19 PER CENT

WASHINGTON, Sept. 1.—Muskogee, Oklahoma, 30,277, an increase of 4,999, or 19.8 per cent.

AUTO SPEED WIZARDS AT OKLA. STATE FAIR

By News' Special Service.
OKLAHOMA CITY, Sept. 1.—Increased interest is being shown in the automobile races at the state fair on account of the wonderful showings made by several of the dare-devil drivers who will compete at Oklahoma City on the afternoons of September 25 to October 2.

Larry D. Stone and his Dusenbergs form a formidable combination and followers of the dirt track racing believe they are certain of success in several of the events on the state fair racing program. Stone already in 1920 has cracked two world's records and holds marks for the half mile and mile on dirt tracks.

Among the other drivers scheduled to race at Oklahoma City are "Wild Jimmie" Costa and Ernie Fosnaugh both of whom have made remarkable records on the dirt tracks on which they have appeared this year. The railroad companies are giving reduced rates on all roads.

Grave Richmond took the Frisco this afternoon for Headton where he will visit relatives. He will likely wind his way back to the Double A Town in a couple of weeks.

John Garrison stopped in the city a short while today. He is moving from Fitchburg to Tupelo, where he will teach school the coming year.

WEATHER

Tonight partly cloudy. Cooler in east portion. Thursday generally fair.

Chairman of the Democratic National Committee Took the Stand Before the Senatorial Investigating Committee.

HAS CONFIDENCE IN GOVERNOR COX

Says No Evidence Can Be Secured to Sustain the
Charges by Democratic Nominee As To
Republican Campaign Funds.

By the Associated Press.

CHICAGO, Sept. 1.—George White, chairman of the democrat national committee said on the stand today before the senatorial committee investigating campaign expenditures, that he had no evidence to sustain any one of the charges made by Governor Cox, his parties presidential nominee, as to republican campaign funds and quotas, or the alleged desire of contributors to have back of them in industrial centers the bayonets of their puppets in office.

He told Chairman Kenyon that he believed the charges were true, because he had confidence in Governor Cox, but he had not discussed them in detail with the nominee, and brought nothing from him to aid the committee in sifting them.

"I talked with Governor Cox last Sunday, for a few minutes," said Mr. White. "I asked him 'are you sure of your grounds?' He said 'he was and I told him: 'you are the boss and you run it.'"

Senator Kenyon asked if Mr. White did not consider it the duty of the men who have this evidence, if it exists to give it up to us whether they are presidential candidates or not, and when the witness did not reply, the chairman said he realized that the inquiry might be embarrassing and would not present it out of the respect of Mr. White's relation to Governor Cox.

Kenyon read to the witness, the telegrams from Governor Cox to the committee and to Senator Reed, a member, dated August 23 and 24, in which he promised to furnish the investigator with information.

The latter message told the Missouri senator, that the candidate would get some matters into your hands soon.

Mr. White said he brought nothing from Governor Cox for Senator Reed. The latter explained he had informed the candidate, the committee would welcome any information.

Pressed by his questions, Mr. White said he was willing to abide by the judgment of Governor Cox as to when the material should be furnished the committee.

"Is it the idea that we are to sit here and wait until Governor Cox is ready to come to us?" asked Kenyon.

"I did not say that," replied White.

"But you have a speaking trip arranged for Governor Cox next week and you would not wish us to interfere with that," argued Chairman Kenyon.

"The committee has jurisdiction over its own affairs," said White. "Do you know of millions now being given to the campaign fund of the republican party, with sinister intent?"

"So far as what I myself know, nothing. I am not prepared to say that I know it myself."

"And you don't know what evidence the Governor has, if he has any, that is true? Have you talked to him all about the matter?"

"Only briefly."

"Do you know, or can you give

us any leads showing that the check books of a multitude of people are open and thousands, yes millions, are being contributed to the republican party to give an underhold on the president that profiteering may go on?"

"Well, I think the Barnes book is the only evidence I can think of now," White replied, referring to the republican year book, being published by William Barnes of Albany, New York, journal printing of which evidence showed is being supported by a number of New York financial and businessmen.

Senator Kenyon then questioned the witness about the salaries paid speakers and other campaign workers and inquired in particular about John O. Hall, head of the Scandinavian bureau of the national committee, who has shown letters read by Senator Shaw yesterday as negotiating with both the republican and democratic committees for his services.

"How about this professor?" Kenyon asked.

"I was interested and investigated," White said "He seems to be by-partisan."

"Yes, he seems to be," Kenyon replied.

"He made a statement before the witness that he was offered a thousand dollars by the republicans," White retorted, "but he said he preferred to work for the democrats. The poke is on us though for paying him \$100 a week."

Craddock Girl Dies In Local Hospital From Burns Received

Juanita Craddock, who was burned last Monday at her home two miles from Byrd's Mill, died at 6 o'clock this morning in the local hospital.

Deceased was 12 years, 9 months and 22 days old at the time of death.

Funeral services will take place some time tomorrow. The interment will be made in the Frisco cemetery.

Large windmills in ordinary breezes will develop four horsepower.

The Man Who Came to Town

No one expected Him to come. So there was no one at the station to meet Him. It was a usual arrival. The crowd hastily stepped from the train, each traveler giving his separate way.

To one leaving a train, all folks are strangers. So this particular Stranger excited neither notice nor interest.

Down the street He went—and was soon lost in the thing He came to town to do.

First, however, one word about his mien. His dress was simple, and neat. He wore no hat. His wonderful hair fell like the silk from ripe corn—naturally. While His bodily covering consisted of only a great flowing robe of something like home-spun. Sandals were on His feet. Yet so firm was His bearing that the passerby gave Him but casual note.

And besides, dusk was creeping in. But there were sick in the town, sorely discouraged ones, those that were desperately despondent, those worn in body, through toil, and worry. And the town was full of problems. A mist of unrest and revolt filled the air with a sort of stagnation.

The Man who came to town knew all this in advance. That's why He came!

And so He lost no time. He immediately got to work. He laid out His plans. People in all walks welcomed Him—especially the poor. He went about doing good, sparing not His body. Little children loved Him. Strong men asked Him to their homes. The workers wanted Him at their simple boards. Men's minds and hearts took upon great change. And a new life, both in effort and hope, came about. And the next day was one of gladness.

For the Prince of Peace had come to that town! And it is possible for Him to come to any town. But he always comes un-announced.

Society

Heap-Ebrite.

Mr. Joseph A. Heap and Miss Vernice Ebrite were united in the holy bonds of matrimony, August 30, Rev. Taylor of the M. E. Church of this city officiated.

Miss Ebrite is the accomplished daughter of Mr. and Mrs. H. A. Ebrite of this city.

Mr. Heap is the son of Mr. and Mrs. Joseph Heap of Boston, Mass.

Mr. and Mrs. Heap have not yet decided where they will make their future home but for the present they will visit with relatives in Missouri and points in the east.

Personal Mention

Miss Willette Driskell is visiting in Chickasha for a week.

E. P. Glines and Miss Dora Glines are expected home today.

Body of Clifford Ray Soldier Who Died In Service Is Returning

Clifford G. Ray, son of Mr. and Mrs. C. C. Ray of Ada, enlisted in the 133rd infantry at Temple, Texas in 1918. From there he went to Camp Cody, from there to Camp Dixon and then overseas.

While crossing the Atlantic, Ray contracted influenza. He suffered with this malady until Liverpool, England was reached and lived only three hours after pulling into port. A telegram was received yesterday stating that the body had been shipped from New York on its return home.

The funeral service will be held at Heldenheimer, Texas, the old home of the deceased, interment made in Stringtown cemetery.

The parents of the deceased have lived in Ada for about four years. Their son, Clifford, had lived here for six or eight months, during which time he was employed by the Couch Transfer company and the Oklahoma Portland Cement company.

Deceased has living in Ada three sisters, Misses Prebble and Stella Mae Ray and Mrs. Earl Lee, and one brother, A. P. Ray.

The American Legion post at Heldenheimer has been notified to conduct the funeral in regular military fashion. The parents left yesterday to be present at the last rites to be paid to their son, who died while serving under the stars and stripes.

Church News

Meeting at Happyland.

Last Sunday marked the close of a ten day Nazarene revival meeting which was held at the Happyland school house. The preaching was done by Rev. Johnson of Stewart, Okla.

According to report, the meeting was a very spiritual affair. A total of sixty-six souls turned to their Lord and Master for salvation. It is also stated that quite a number were sanctified.

There will be preaching at this school house next Sunday morning and evening by Rev. J. M. Woodward.

A RECORD WITHOUT A PARALLEL

Election day in this year of American freedom should be welcomed by every Democratic voter as no other day has ever been. It furnishes for the first time an opportunity to show the faith they have in their own ability to govern. It furnishes the opportunity to show pride in the unparalleled accomplishments of their party. It gives them their chance to answer the unlimited abuse that for two years now has been heaped on everything bearing the democratic name.

Democracy has had its chance to govern the nation. For fifty years prior to the first election of Wilson the country had been carefully taught by prejudiced partisans that the party of Jefferson was incapable of governing the republic. Many thousands of people had accepted that error as literally true. Then democracy came into power; and any citizen not dead to honor or utterly devoid of truth will concede that Democracy has to its credit the most luminous chapter written in the history of the nation since the first congress was called to order 131 years ago. The mere narration of its legislative achievements presents a story as startling as an oriental dream.

The income tax placed a part of the burden of government on the shoulders of the wealthy instead of keeping all the burden on the shoulders of the poor, as had been done by republican congresses for fifty years. A non-partisan tariff commission was created so that legislation might be enacted according to reason instead of cupidity. Pan-Americanism was encouraged and the suspicion of the southern hemisphere converted into genuine friendship. The boundless resources of Alaska were opened to commerce and development. A corrupt lobby was driven from the national capitol. An effective Seamen's Act was adopted, terminating the unspeakable abuses of the hell ships of the sea. The federal trade commission was created.

The evil of child slavery was recognized and effective child labor laws enacted. The parcel post and rural free delivery were developed. A good roads law and a rural credits act were passed. A secretary of labor was given a seat in the cabinet of the president. Eight hour laws were passed. The Clayton amendment to the Sherman Anti-Trust act was passed, freeing labor and taking it from the category of commodities. The Smith-Lever bill for the improvement of agricultural conditions was enacted. A corrupt practice act was passed. A well considered warehouse act was passed. Federal employment bureaus were created. Farm loan banks, postal savings banks, and the federal reserve system were established.

If the federal reserve law were the sole product of eight years of democratic administration the party would deserve the deepest gratitude of the American people. This act supplied the country with an elastic currency, controlled by the people. For forty years before its enactment we had on an average one bank failure every twenty one days. Since its enactment we had four bank failures in 1915, three bank failures in 1916, one bank failure in 1917, and none in 1918. The act passed in spite of the opposition of republican leaders, enabled the nation to meet the shock of war without a panic and eventually made this the greatest creditor nation in the world.

As no democrat has anything to apologize for in the legislative history of eight years so no democrat has anything to apologize for in the manner in which the war was prosecuted. It is sufficient answer to all the partisan charges against the administration that eighty "smelling committees" appointed by a partisan congress to discredit a democratic administration were unable to find a single culpable act, and after a year of bitter probing at an expense of \$2,000,000 the only man on the road to the penitentiary is a republican senator from Michigan.

The democrats of America have abundant reason for being proud of their party's record. They have no cause for being ashamed of that record. They have no call for apologizing for that record. And when November comes, they will have the opportunity they have had to manifest their party pride in a tangible way.

Eastland, Texas, is much prouder of her 800 per cent increase in population than she will be of her 98 per cent decrease during the next decade. But that is the fate of boom towns. Oil has given and oil will take away.

There never has been any doubt in America as to who won the war. And there is not any doubt in America as to what party controlled the congress that threw away the fruit of victory.

Cox's announcement of that big G. O. P. campaign fund will probably be followed by an announcement that Al Jennings is supporting Harding.

Says Warren to Jimmie: "You got pinched for speeding! Now you see what happens to little boys that get off their front porch."

ABOUT LOANS ON BALED COTTON

Recently the Department of Agriculture addressed a letter to Governor W. P. G. Harding, of the Federal Reserve Board, in which certain reports which had reached the Department were called to his attention. These reports indicated that due to an existing financial stringency stocks of cotton in the South were being forced on the market at a sacrifice in price, that grave fear was entertained by some business men regarding the prospect for satisfactory financial conditions this fall for the gradual movement of the cotton crop, and that it was thought by some cotton dealers that a ruling or other form of instruction from the Federal Reserve Board, which limited loans on cotton to that only which was in process of shipment, was the fundamental cause of the depressed condition of the market and of the unfavorable prospect for the future. To this communication reply was made by Governor Harding which is self-explanatory and is quoted in part below:

No Loan Instructions Issued
"I acknowledge receipt of your letter in which you refer to the pressure on southern markets of large stocks of low-grade cotton. You say, 'It was stated to a representative of this department that the Federal Reserve Board has issued instructions to member banks not to make loans on cotton unless shipping instructions therefor were shown the bank—in other words, that member banks were forbidden to finance cotton unless it had been already sold for prompt shipment.'"

"The Federal Reserve Board has issued no such instructions. It has no power to require member banks to make or refuse any loans which they may wish to make. Member banks are required only to live up to the requirements of Section 19 of the Federal Reserve Act relating to reserves, and the national banks can engage in all transactions which are permitted under the revised statutes of the United States and of Section 13 of the Federal Reserve Act. State banks which are members retain under the provisions of Section 9 of the Federal Reserve Act, all of the powers derived from their state charters and continue to be subject to the supervision of their respective state banking departments."

"The board has not been advised of any circulars issued by the federal reserve banks in the cotton growing districts giving advice to member banks as to what loans they should make or decline to make, and the board would request that you ask your representative who has given you the information conveyed in your letter to me to transmit any such circular, if any are in existence or else to state how he received his information as to the alleged advice to member banks."

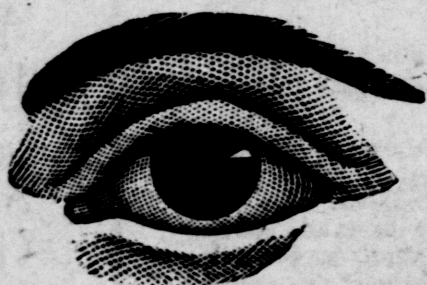

Limit for Loans Increased
"In order to facilitate the financing of this year's crops, the board requested congress early in the year

to amend Section 5200 of the revised statutes. This section originally restricted loans by a National bank to any one individual, firm or corporation to an amount not exceeding 10 per cent of the bank's capital and surplus. Congress, however, acted upon the suggestion of the board and Section 5200 as amended now provides that for a period of six months out of any consecutive 12 months, a national bank may lend to an individual, firm or corporation, up to 25 per cent of its capital and surplus where loans in excess of the regular 10 per cent limitation are secured by warehouse receipts for readily marketable staples."

"The accumulation of low-grade cotton is due in part to the difficulty in making financial arrangements necessary to sell it to the mills in the central European countries, which have always been the principal consumers of low-grade cottons. The member banks in the south no doubt feel reluctant to carry too large a volume of loans on collateral which is not readily salable."

"You say that 'prior to the enactment of the Federal Reserve Act there were independent banks in the cotton belt which made it a practice to lend on cotton as collateral,' and that 'most of these banks are now members of the federal reserve system and their policy as to loans is largely determined by regulations of the federal reserve board.' As a result of the changes in the banking law made by the federal reserve act the lending power of all banks has been greatly increased since 1914. The banks in the cotton belt in cases where they are not over-lent in other directions, can make much larger loans on cotton this fall than ever before. To what extent, however, these banks will be able to rediscount at the federal reserve banks I am unable to say. Section 4 of the federal reserve act requires the board of directors of a federal reserve bank to administer the affairs of the bank 'fairly and impartially and without discrimination in favor of or against any member bank or banks,' and that board 'shall subject to the provisions of the law and the orders of the federal reserve board, extend to each member bank such discounts, advancements and accommodations as may be safely and reasonably made with due regard for the claims and demands of other member banks.' I feel sure, however, that the federal reserve banks will do all that can reasonably be expected of them to aid in the orderly marketing of the cotton crop."

Your Eyes and Their Care

KINDS OF DEFECTS

There are three kinds of defects of the eyes.

Where the rays of light come to a focus before they reach the retina, that is, where the eyeball is too long, the defect is myopia or "nearsightedness." The eye has a distinct vision of only such objects as are near, all distant objects appearing more or less indistinct.

To correct myopia, lenses are needed which carry the focal point of the rays of light back to the retina.

The opposite condition occurs when the eyeball is too short. Here the rays of light have not sufficient space to come to a focus before reaching the retina, thus causing the focal point to be behind the eyeball.

This defect is termed hyperopia or "farsightedness," because distant objects can be seen more distinctly than those close at hand. To correct hyperopia, lenses are needed which shorten the focal distance so as to bring the rays to an exact focus on the retina.

Finally, there is the condition known as astigmatism. In astigmatism, rays of light entering the eye from different directions focus at different distances. For example, the rays in the vertical plane may focus properly, while those in the horizontal plane either come to a focus too soon or not soon enough. This is a case of simple astigmatism.

In compound astigmatism, none of the rays focus properly on the retina.

In any form of astigmatism, lenses are required which will bring all the rays to an exact focus on the retina.

Not any of these are diseased conditions, but they simply result from the mechanical structure of the eye. An eye may be perfectly healthy and yet not be of correct shape to give good vision.

OPTOMETRY

The defects of the eyes which have just been described are termed errors of refraction. The science of determining and correcting such refractive errors is called Optometry, a new profession, recognized by the laws of practically all the states of the Union. Those qualified to practice Optometry are known as Optometrists.

Optometrists receive special training in the structure of the eye, in the detection of errors of refraction and in the calculation of the formulae for lenses to correct such errors. Only after they have satisfactorily completed such training are they authorized by law to practice Optometry.

In making their examinations, Optometrists put no drugs or "drops" into the eyes, but examine them under normal conditions.

UNION WILL UNDERTAKE TO ENFORCE AWARDS

WASHINGTON, Aug. 31st.—The award of the Anthracite coal committee, approved by President Wilson yesterday, is characterized as "the most reactionary decision that has been made by an industrial tribunal during the reconstruction," by W. Jett Lauck, consulting economist for the United Mine Workers in a statement made public yesterday, predicting trouble in the Anthracite fields, as a result of the findings.

The union, he said, would under-

take in all good faith to accept and enforce the award, although the commission declined to grant it the power and authority it should have to control the situation.

Notice of Sale of Real Estate.

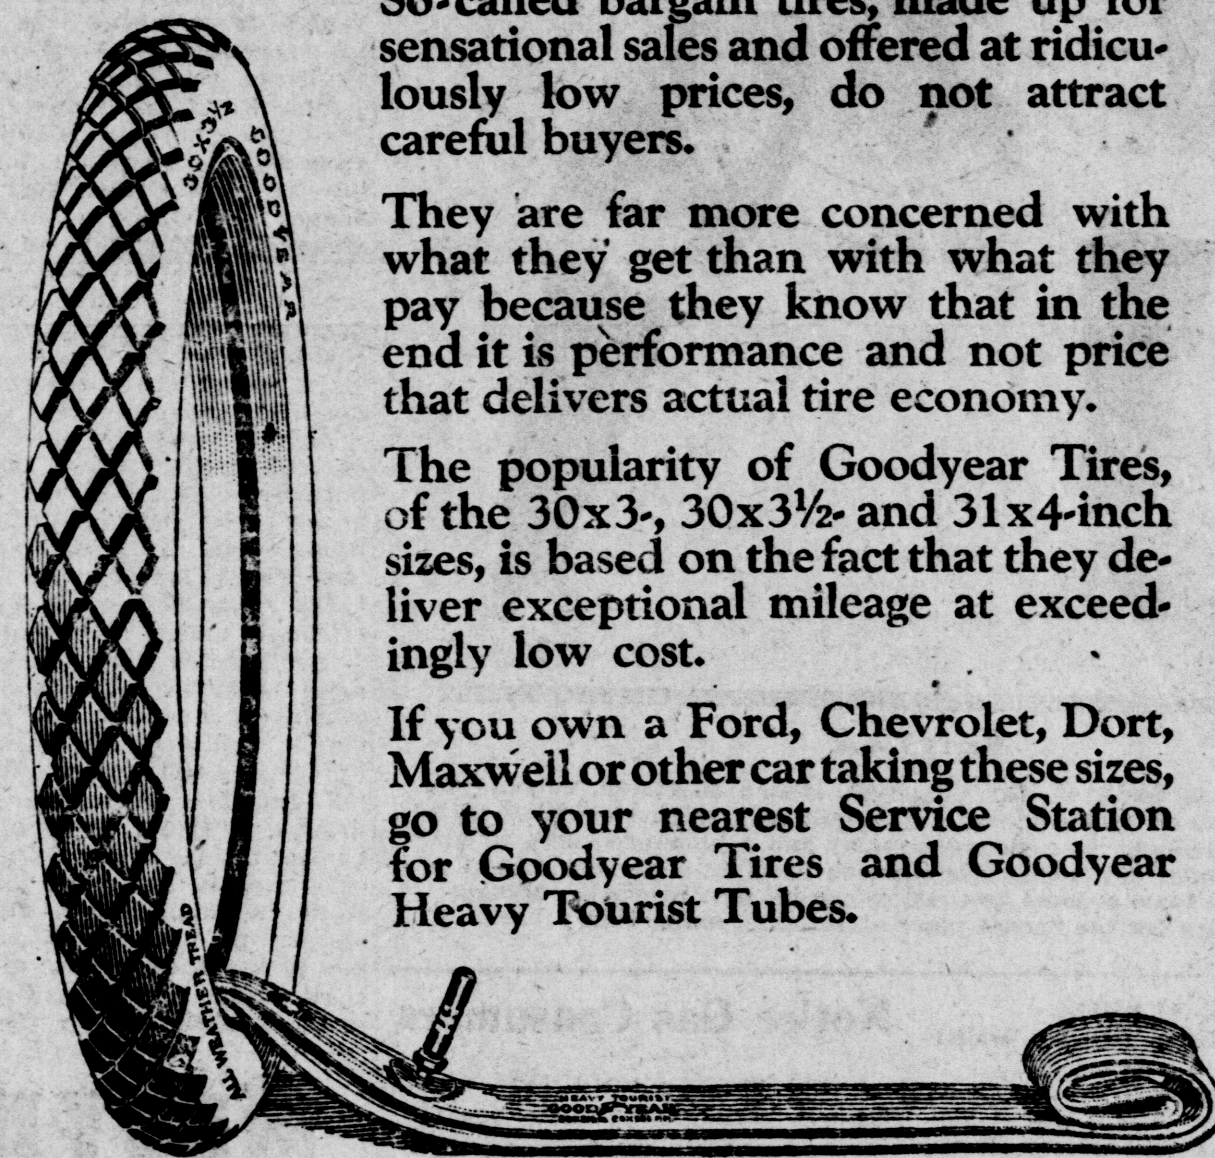

Notice is hereby given I, Ora Russell, guardian for Dixie and Charley Russell, minors, will sell to the highest bidder at the Pontotoc county courthouse, September 18, at 10 o'clock, 60 acres of lands, situated 8 miles west of Ada.

ORA RUSSELL, Guardian.

Parents, Notice—All students who desire to attend training school at East Central State Normal this fall should enroll at once. Call R. H. Robinson, director of training school. Phone 92 or 919.

The Economy of Using Goodyear Small Car Tires

So-called bargain tires, made up for sensational sales and offered at ridiculously low prices, do not attract careful buyers.

They are far more concerned with what they get than with what they pay because they know that in the end it is performance and not price that delivers actual tire economy.

The popularity of Goodyear Tires, of the 30x3-, 30x3½- and 31x4-inch sizes, is based on the fact that they deliver exceptional mileage at exceedingly low cost.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires and Goodyear Heavy Tourist Tubes.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread \$2350

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$2150

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3½ size \$450 in waterproof bag

WILL FATE WHICH STRUCK DOWN CHAPMAN GUIDE ROOKIE SUCCESSOR TO STARDOM

Harry Lunte.

The sudden death of Ray Chapman, Indian shortstop, one of the great tragedies of baseball, was a blow not only to the legion of fans with whom Chapman had become popular and a blow especially to his Cleveland friends, but it also hits the club itself as a playing unit at a time when the team seemed destined to cop its first pennant. Manager Speaker's choice for the vacant place at short is young Harry Lunte, a rookie.

GERMANS ARE SENDING INFERIOR GOODS HERE

By the Associated Press
WASHINGTON, Aug. 31st.—Germany is dumping its surplus of inferior goods in the United States and England and is marking its exports to Great Britain "made in America" and its exports to the United States "made in England," official advices received here today stated.

German exporters are following this practice, the advices said, in an effort to regain their former foreign trade and to realize quickly large sums on manufactured articles which otherwise would not be sold because of unpopular prejudice.

No Worms in a Healthy Child.

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS child TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms and the Child will be in perfect health. Pleasant to take. 60c per bottle. adv

CHURCH WILL SETTLE STRIKE

Churches Are Called Upon To Intervene In Strike Situations.

By the Associated Press

NEW YORK, Aug. 31.—The church and the pulpit were called upon to intervene in strikes and try to compose the difference between capital and labor in a "Labor Sunday Message" issued today by the Rev. Worth M. Tippy, executive secretary of the social service commission of the federal council of the churches of Christ in America.

He declared that the church must stand for right of labor to organize and take collective action under proper restraints and safeguards for public welfare and that the church should not be prevented from taking this step either by reactionary employers or by "evils in the labor movement." The Rev. Mr. Tippy pointed out that the nation had suffered a tremendous economic loss because of the strikes last year and that deeper perils lie in threatened destruction of the spirit of cooperation and goodwill between capital and labor. "The church watches the deepening conflict with profound concern," he continued. "It cannot stand aloof. At whatever risk of becoming involved in the controversy it must go into the midst of contending forces, if possible between them. It must bring to bear every ounce of influence which it possesses to bring these contending groups together, and to induce them to work out permanent and effective means of co-operation."

He pointed out that there was need to devise a method by which employers and workers can get together and keep together, so as to put heart and power into production and give just returns to both groups. "If no form of labor organization is permitted and if not only strikes but labor organization itself is fought to a finish, there appears no way out of our troubles, but rather a deepening of them. We shall have an autocratic management of industry on the one side

and either a kind of serfdom on the other or a militant, bitter, and class-conscious organization of labor growing yearly more revolutionary. That is just the danger of the present hour.

"The church cannot be hesitant here. When, as may often happen, the inclusiveness of its fellowship precludes a co-operate judgment on the part of the whole church, the pulpit must nevertheless be true to its prophetic office. The case is hopeless if employers will not allow collective action by their workers. The church must stand for the right of organization and collective action, under proper ethical restraints and safeguards for public welfare.

"The church cannot allow itself to be stopped from this course either by pressure from reactionary employers on the one hand or by manifest evils in the labor movement on the other. It must be strong enough to attack these evils and to resist the pressure. It must urge employers, especially Christian employers, to work out democratic principles in their establishments with due time for investigation and experiment. The important matter is not just what plan is followed, but that the start is made, and that everything that is done be on the road to a definite goal—the development of democratic factory organization in which all truly co-operate and which is for the benefit of each and all."

GOVERNOR COX VISITS THE OHIO STATE FAIR

COLUMBUS, Aug. 31.—Governor James M. Cox, democrat presidential candidate, Franklin D. Roosevelt, his running mate and Senator Aaron S. Watkins, prohibition party standard bearer, were to feature the Ohio state fair today. Officials are expecting all second day attendance records to be broken.

Plans provide for Dr. Watkins to speak first, to be followed by Gov. Cox. Roosevelt it was said, probably would deliver only a short informal address.

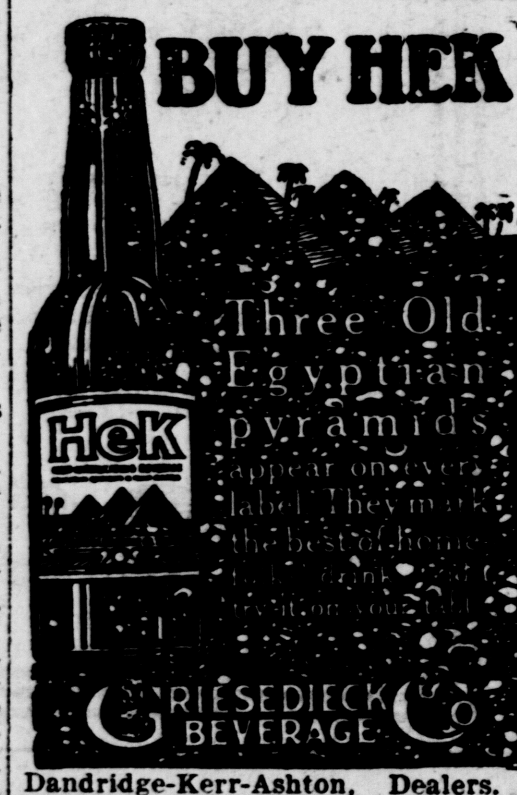

CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadowville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before."

I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape."

I cannot say too much for Black-Draught for it is the finest laxative one can use." Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects. It has won the praise of thousands of people who have used it. NO-125

Utilize This New and Better Light

A SIMPLE, low-cost means of electric lighting in places where electricity has heretofore been unavailable. For attic, closet, woodshed, barn, toolhouse, and all outbuildings. Fine on camping trips. Absolutely safe.

A Single Dry Battery of Many Cellpower

Konawa News

N. R. Walters is building a new home in Gore district.

G. H. Smith and son, Harry, were in Maud Friday on business.

Doctor Phillips was in Hazel Tuesday transacting business.

Bart Aldridge and Hugh Barham of Wewoka spent Sunday in Konawa visiting friends.

Rev. G. M. Harrington will fill his last appointment here Sunday at the Baptist church.

Mrs. H. G. Sharp has returned from a visit with her parents, Mr. and Mrs. Joe Roberson, at Gotebo.

The Gordons and Swans have returned from a three-weeks' visit in Colorado. They report a delightful time.

Mr. and Mrs. Jim Akin of Hammondsville, Ark., were here the first part of the week visiting relatives.

Mrs. Billie Bradberry of Hammondsville, Ark., was here the first of the week visiting relatives and friends.

The ball game played Wednesday afternoon between Konawa and Gore resulted in a score of 12 to 14 in favor of Gore.

Mrs. S. P. Parks and daughter, Mrs. Otto Leathers, of Flowery Branch, Ga., are the guests of Mrs. W. M. Isom this week.

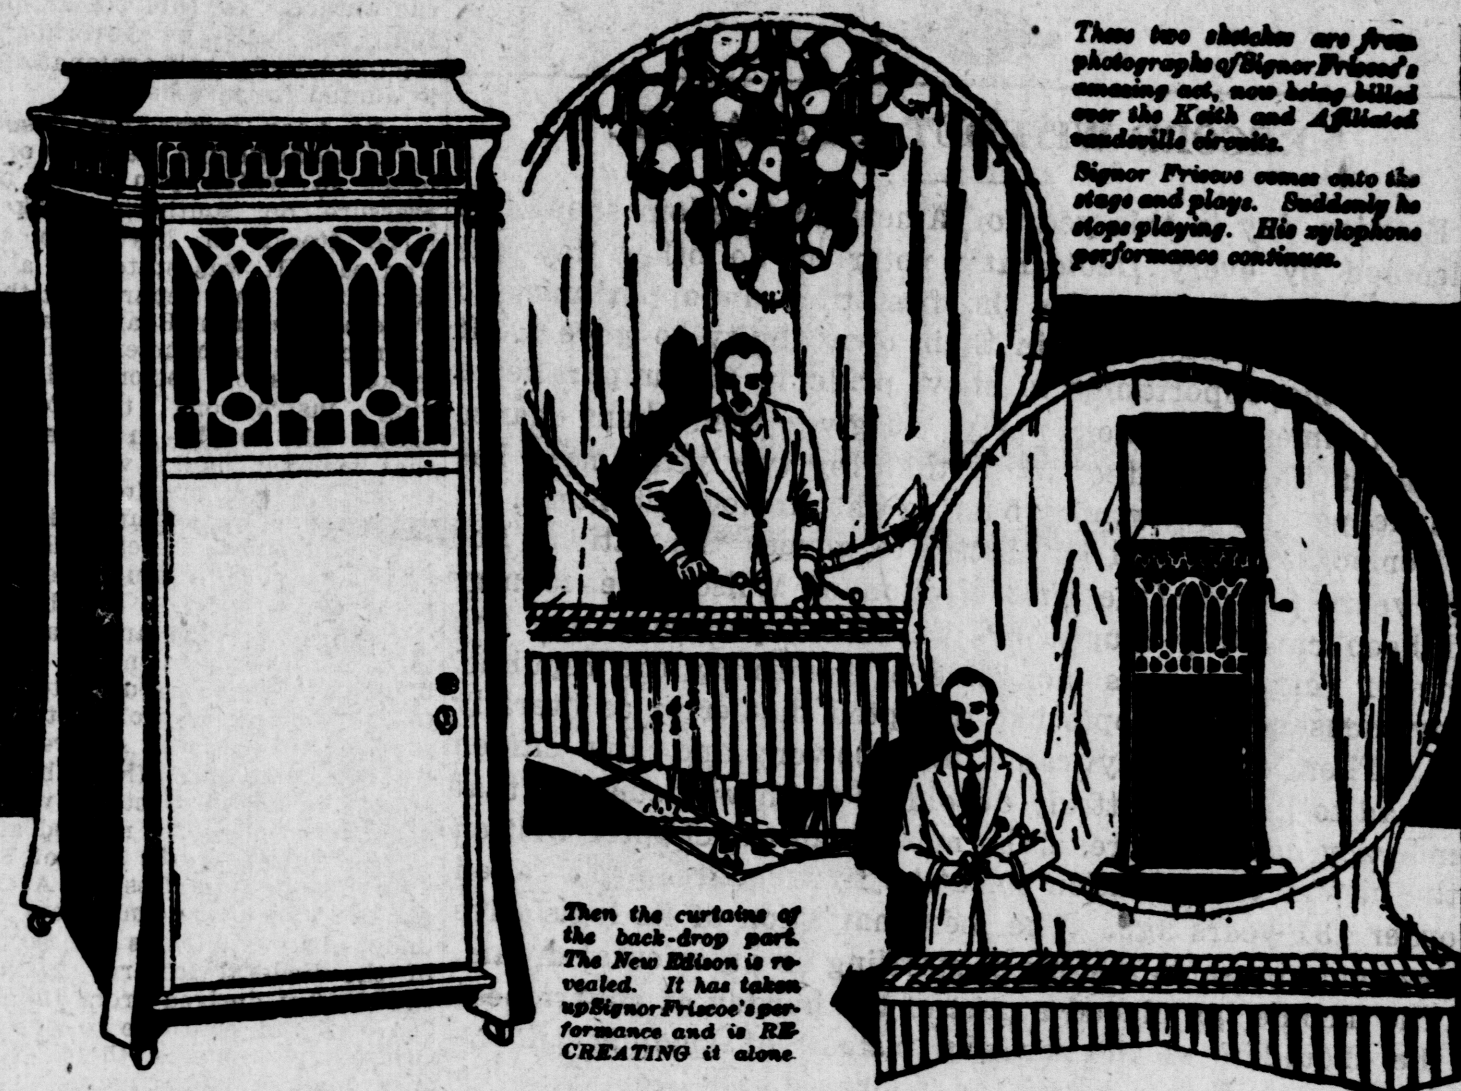

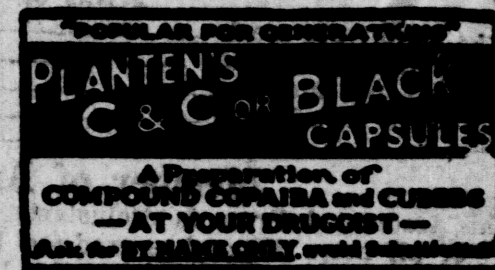

Bill Hayman has returned from St. Louis where he has been buy-

ing a fall stock of goods for the Hazel Trading company.

The stork visited at the home of Mr. and Mrs. E. O. Yates August 23, and left a little baby girl, whose name is Jeanne Margaret.

There will be an interesting league program rendered at the Methodist church Sunday night. Miss Bessie Taylor will be leader.

A hurricane blows at the rate of 90 to 120 feet a second.

You can hear it in our store

—the phonograph that is featured in Vaudeville's strangest act

Perhaps you've seen it—Signor Frisco's "Magic" Xylophone Act.

It's the hit of vaudeville's "Big Time."

Signor Frisco's "magic" is an Official Laboratory Model of the New Edison. We have one exactly like it.

Signor Frisco's instrument is an exact duplicate of the original Official Laboratory Model, which cost Mr. Edison three

million dollars to perfect. Our instrument is also an exact duplicate of this famous three million dollar original. We guarantee it to be able to give the same marvelous RE-CREATIONS of music, which Signor Frisco's Official Laboratory Model gives in vaudeville.

Come in and test the astonishing realism of this instrument for yourself—in Mr. Edison's Realism Test.

The NEW EDISON

"The Phonograph with a Soul"

You've read how the New Edison has proved its perfect realism. Four thousand tests have been given, in which more than 50 different artists compared their art with its RE-CREATION by the New Edison. Leading newspapers conceded that there was no difference between the two.

Has any one suggested to you that these comparison tests are "faked"—that the artist imitates the New Edison?

Signor Frisco's performance makes such an assertion positively ridiculous. Every week, 20,000 people see his hammers ripple over the xylophone keys. Suddenly he holds them aloft—still.

The rippling music continues.

Slowly, the gorgeous curtains of the back-drop part. The audience gasps. The New Edison stands revealed. It has taken up Signor Frisco's performance, and is now RE-CREATING it alone. The effect of this extraordinary magic can rest upon only one fact: No one can distinguish any difference between Signor Frisco's performance and its RE-CREATION by the New Edison. Signor Frisco could not possibly imitate the New

Edison, because the xylophone can not be made to imitate any other instrument, so as to deceive its hearers.

Signor Frisco's act is not an Edison enterprise. He has simply been clever enough to use the New Edison for what it is worth. Why don't you?

PRICES

The price of the New Edison has increased less than 15% since 1914. This includes the War Tax.

Mr. Edison has staved off price advances by personally absorbing more than half of the increased cost of manufacture.

Because of the exceptionally high quality of materials and workmanship demanded by the Edison Laboratories, and the continued scarcity of both, it may be necessary to advance prices. But rest assured that this will not occur, unless Mr. Edison is forced to it.

Our Budget Plan—the thrift way of spending—will help you buy now. Let us tell you about it.

Building Notes

Aaron Staggs is building a home in north Ada.

S. C. Smith has completed his home south of town.

T. J. Simpson finished his home on his farm near Fitzhugh.

Wick Adair is having a six room bungalow built on East Ninth.

Eli Vertrees of East 12th street is having a six room house built.

Rev. S. B. Dameron is having a five room cottage built on East Ninth.

J. H. Hume is building a house for Abney & Massey on East 14th street.

J. W. Higby, who lives six miles south of town, has just completed his home.

Charlie Deavers is having a six room bungalow constructed on 15th and Johnson.

M. M. Cotton, who is contractor for the remodeling of the building for the Security State Bank, reports the work progressing well.

R. M. Lunsford of Shawnee, who has been visiting in Ada for some time, left Tuesday for Jacksonville, Florida. From there he will go to Chicago and New York.

Girls in Bad Health.
Hundreds of girls go to work day after day, afflicted with some ailment peculiar to their sex, dragging one foot wearily after the other, working always with one eye on the clock and wishing for closing time to come. Every such girl should rely on Lydia E. Pinkham's Vegetable Compound to restore her to a normal healthy condition. Then work will be a pleasure. For forty years this famous root and herb medicine has been pre-eminent successful in controlling the diseases of women. Why don't you try it? (adv)

CONTRACTOR NOW GIVES OUT FACTS

"Tanlac has not only relieved me of my five years of stomach trouble, but I have gained twenty-five pounds in weight," said Robert McAloney, well-known contractor, of 33 York street, Hall-fax, N. S.
"My stomach seemed to be upset all the time," said Mr. McAloney, "and it would get as sour as vinegar. Nothing tasted right or agreed with me and after forcing down a little something at meal time I would bloat up with gas so I would be miserable for hours. There would be sharp, cramping pains all through my stomach and at times I could hardly get my breath. Many a night the gas bothered me so much that I walked the floor all night without a wink of sleep. I had to lay off for weeks at a time and lost thirty pounds in weight. I was habitually constipated and had a nagging headache nearly all the time. Of mornings I felt so tired and no-account it was an effort to drag myself out of bed and I had suffered

so long without being able to get any better I had about reached the point where I didn't care whether I lived or not.
"But I feel entirely different since taking Tanlac, for it has put me in such fine shape I eat three big meals a day without the least trouble. The constipation, headaches and laggedout feeling are entirely gone and I get up in the mornings ready for a hearty breakfast and a good days work. I simply feel like a new man and I am glad to let others know what a fine medicine Tanlac is."
Tanlac is sold in Ada by Gwin & Mays Drug Co., in Stonewall by L. P. Carpenter, in Francis by Francis Drug Co., in Roff by Dowdy's Pharmacy, in Allen by McManis & Rose and in Vancos by Chas. L. Berger. adv

Card of Thanks.
We are very grateful to our friends who so kindly assisted us, and for the beautiful flowers sent during our recent bereavement, the death of our beloved sister Ollie.
We assure you that there will always be a tender spot in our hearts for each of you and we pray that showers of love and sunshine may always be yours.—Mr. and Mrs. R. L. Hall, Mr. and Mrs. George Harrison, Charlie Daggs, Lillie Daggs, Vera Daggs.

Hail, Hail, the gang's all here!

Please excuse this sudden outburst—we just can't help it.

Our Michaels-Stern Fall Suits have just arrived and if you know how it feels to fall into a legacy—you can appreciate our feelings. Every single suit looks as fresh and fit as if it had made the trip in a state room rather than an express car!

Models for young men—middle men—and married men.

Single breasted—double breasted, in the largest variety we have ever seen or shown in our eighteen years in men's clothing.

We honestly believe that we can interest every man in Ada in this great big wonderful display.

We'd like to commence with you.

MICHAELS-STERN VALUE FIRST FALL SUITS \$35 to \$75

KANTLEEK

It Can't Leak, Because It's Made in One Piece

A KANTLEEK is built like a bottle—all in one piece.

Most hot-water bottles are made in sections, then cemented together. When cement dries and cracks, the bottle leaks.

Every Kantleek Hot-Water Bag is moulded of pure soft rubber—one continuous piece. No parts, patches, cement. Even stopper socket is moulded in.

And guaranteed for a full two years' service—or a new Kantleek free.

Don't wait until your old bag leaks. Get a Kantleek. Your old one may break open tonight.

New Suits for Autumn Wear

Your eye will see the attractiveness of their styling, but it is on the expertness of our buyers that you may feel assured of the faithfulness of their workmanship, the lasting service in each stitch, the permanence of expression in the correctness of the stitching and shaping and the durability in wear of the materials selected for their absolute purity and perfection. For such completeness in value the prices are remarkably reasonable.
